

AMY & GARY

Dear Expectant Parent,

HELLO! WE ARE AMY AND GARY. *Thank you for helping to make our dream of becoming parents a reality by considering us to become your baby's adoptive parents!*

We admire the love, courage, and strength you have within you and feel that your desire to give your baby the best life possible is a beautiful and selfless decision. The emotions and feelings you must have right now are in our hearts as we think of you and your baby and we want you to know that we will always hold you in the highest regard with this very special child. We are unable to have a baby on our own and we dream daily of becoming parents together. Our hearts are waiting to shower your baby with love.

Nine years ago Amy's only child passed away as a result of an automobile accident. Amy deeply desires to be a mommy again and nurture a child. *Gary's exciting career with the U.S. Government has afforded him the opportunity to retire early which now blesses us with the opportunity to devote ourselves as Mommy and Daddy at home full time together to raise a baby.*

We hope you can envision us raising your baby in our happy, loving, and nurturing home. We pray that you can find it in your heart to entrust us with your gift of a life to complete our family.

With love, *Amy and Gary*

about US

We are very much in love. Our days usually begin with some quiet time when we imagine and anticipate how wonderful our days will be when they are filled with a baby to embrace and love. When we met we fell madly in love in a matter of days. *We knew in our hearts that we had found our soulmates* and it was time to begin our lives together as husband and wife. We had a wonderful opportunity to travel Europe and we were off!

We enjoy many romantic moments and we are blessed with an abundance of time together thanks to Gary's early retirement. We would love to have your child join us so we can become a real family.

our WORK

Gary had an exciting and rewarding career with the U.S. Government. His pension and benefits are secure and we don't really have to worry about finances.

To help fund some travel we both decided that since we love kids so much we would substitute teach. We choose which days we teach and get to work with children from Kindergarten to high school. We plan to stop teaching once we have a child in our family so we can devote our time to raising this very special child.

I LOVE YOU!

WE LOVE LAUGHING TOGETHER

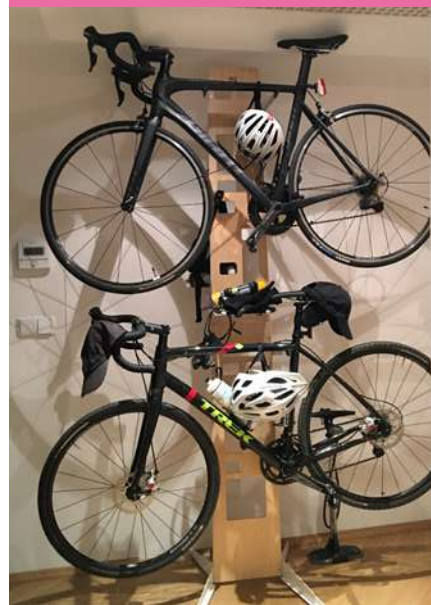

LIKE A FAIRYTALE!

WHAT WE LOVE TO DO for fun!

WE LOVE THE OUTDOORS. We love to ride our bikes and take long walks on the backroads around our house. If you come by our house you'll probably find us working in the garden or down by the pond. If we're not home we've probably pulled our camper out to the lake, or we've made a trip to our cabin.

WE ALSO LOVE TO TRAVEL! Traveling has allowed us first hand to experience the beauty of the world and other cultures and we hope to show your child the world too.

In our home you'd find us cooking, baking, reading a book, or playing board games. Gary is an avid scuba diver, bicyclist, runner and hiker. Gary also enjoys restoring vintage tractors and pick-ups. Amy loves to sew and create homemade special things. Amy loves animals and is very attached to our dogs and cat.

AMY (THROUGH GARY'S EYES)

Amy would be a wonderful loving, giving, and nurturing mother to your baby. She dreams of being a mother again and has an abundance of love to give. I can already envision Amy rocking your baby to sleep and sweetly singing lullabies.

Amy places a high value on education and has a college degree in child development. She enjoys fine art museums but would rather have a finger painting from her child hanging on her wall. *Amy has a collection of children's books just waiting to be read to your child.* Your baby would be the most precious gift Amy could ever receive.

GARY (THROUGH AMY'S EYES)

Gary would be an amazing daddy to your baby. He is a man of strength and integrity. *Gary is loving, adventurous, athletic, funny, and hard working.* He greets the sunrise every morning and hits the ground running while tending to our property and all of our farm animals.

Gary adores children and is a great story teller. He routinely takes everyday events and turns them into fantastic adventure stories or silly songs. He will take your baby on incredible journeys riding bikes and hiking. *Gary will be devoted to taking care of your baby's every need and will make your baby feel as safe, secure, and loved as he makes me feel.*

OUR FRIENDS & family

We enjoy going to visit Amy's sister on her farm and there are *four very special cousins there anxiously waiting for the baby to come*. There are many aunts and uncles eagerly anticipating the great day!

Three of our friends recently had babies and are very excited for us to have a baby to join the play group! We are good friends with all of our neighbors and enjoy watching out for each other and having each other over for dinner and board games. Our home provides a great place to entertain and our friends enjoy coming out to see us and relax by our pond.

WELCOME TO OUR HOME!

READY FOR A NEW COUSIN!

our HOME & COMMUNITY

We live ten minutes away from the city on five beautiful wooded country acres with plenty of room for a little one to run and play. *Can you see your child exploring, playing tag and hide and seek, and riding their bike in the country with lots of safe space for adventures?* We enjoy spending time sitting on the patio down by our pond or relaxing and grilling in our screened back porch. Sometimes we jump in the car and head up to the lake for a day trip or pull our camper to stay longer!

We raise free range chickens and gather their fresh eggs daily. It would be wonderful to have a little one tag along to gather eggs, feed the chickens, ducks, and fish, fill the wild bird feeders and put out corn for the deer who visit us.

OUR SPECIAL PLACE

in CLOSING

Thank you for taking your time to view this snapshot of who we are and what our life is like.

We hope we have given you a glimpse of the love, security and happiness your baby will find in our home. We want you to find peace and comfort never doubting you have made the best possible choice for your child.

Wishing you our very best, *Amy and Gary*
