

BRADY & CARA

Hello!

WE ARE SO EXCITED TO GET TO KNOW YOU AND YOUR CHILD AND WALK THROUGH THIS JOURNEY TOGETHER. We have been dreaming of growing our family for several years; however, that has proven to be much more difficult than we could have ever anticipated! We have prayed for answers and that's when we turned our hearts to adoption. We appreciate the courage it is taking you to consider adoption for your child more than we could ever express. We promise to provide unconditional love and support to not only your child, but also to you. Thank you so much for taking the time to view our profile and getting to know us. We can't wait to get to know you as well!

about US

We met and started dating when we were still in high school. We started out as great friends that eventually turned into an amazing relationship! In total, we have been together for about 8.5 years and we have been married since June of 2016. *We have had such a great marriage because we share the same values and we communicate very well.* Our relationship grows every day and we feel like we still learn new things about each other even though we have been together for so long!

We have always wanted to adopt a child or children. Our original "plan" was to have a child or two of our own and then adopt. But, our plan didn't work out the same way that we had first planned. After years of infertility and countless prayers, we decided that this was actually the plan that God had for us all along.

WE LOOK FORWARD TO GROWING OUR FAMILY THROUGH ADOPTION AND CAN'T WAIT FOR THAT DAY TO COME!

WHAT WE LOVE TO DO for fun!

As a couple, we love spending time with our friends and family as often as possible. Individually, we do have our own hobbies that we enjoy doing.

Brady's hobbies include Drag Racing and hunting. Drag Racing is more of a family hobby because both of our dads and Cara's uncle all race together. It is like a big family outing every weekend of the spring and summer!

Cara coaches a competitive cheer team in her free time. It is so much fun getting to see kids in a different setting and being a coach and role model to them!

work AND OUR FURRY FAMILY

We both have jobs that we love! Brady is a Journeymen Gas Worker for Kansas Gas Service. Cara is a School Social Worker at the school district in Hoisington. We both get off of work at 3:30 which is definitely a bonus when starting a family! *Both of our employers are also extremely supportive and believe that family comes first.*

WE HAVE THE WORLD'S CUTEST DOG (at least that's what we like to believe!) Our dog's name is Charlee Ann. However, Brady likes to call her "Charles" when she is being a little bit naughty. Charlee is a full-bred Corgi and is full of sass! She is a great addition to our family!

a little about CARA

I love how compassionate and caring Cara is. She always wants to help others regardless of their background, socio-economic status, or history. *She always sees the best in people and is very optimistic about everyone. Cara is also very open-minded and accepting of everybody no matter what their situation is.*

I love watching Cara interact with her students and the other children in our family. *She is patient and loving to all of the children in our lives.* She is going to be a great mother to a very lucky child one day.

a little about BRADY

My favorite thing about Brady is how calm and gentle he is. He is definitely the calm to my chaos! Brady rarely gets upset about anything. He is extremely level-headed and always tries to have a positive outlook on life and every situation.

My absolute favorite thing is watching Brady interact with my two Godsons. They remind me, very frequently, how much they like him; even if he isn't hanging out with us! *Kids just seem to gravitate towards Brady and always end up loving him.* He is going to be the most loving and fun father one day.

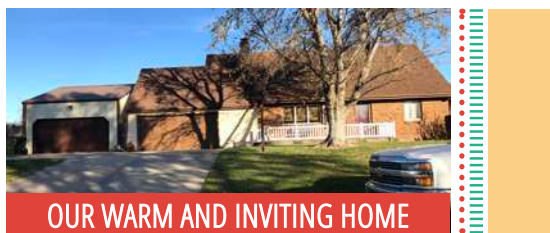

OUR family

We have the most amazing and supportive families that anyone could ever ask for. We are extremely close to both of our extended families and spend a great deal of time with them all. We spend all holidays and birthdays with our extended families as well as several other days throughout the year. We eat dinner every single Sunday with Cara's extended family.

We love that we are close enough to both of our entire families that we are able to see them several times a week!

our thoughts ON BEING PARENTS

We are looking forward to the day that we are able to grow our family. As parents, we want our child/children to always feel loved and safe. It is our goal to raise children with values and morals that will help them develop into compassionate, caring, and capable young adults. Any child that we have will be gaining a huge group of family and friends that will love them unconditionally. We have been praying for the day that we are able to be parents. We look forward to walking alongside you in this journey.

home SWEET home

We live in the small town of Hoisington, KS. We have a tight-knit community that we love! Everyone always looks out for the best interests of everyone else in our home town. There are so many opportunities for activities for children. Some of these include a pool, Rec Center, a variety of sports, library, and many parks. We also enjoy the pleasure of having all four seasons as we are located in the middle of Kansas. We love our community and can't wait to share it with you!

final THOUGHTS

We want to say "thank you" again for taking the time to view our profile. We can promise that we will love your child unconditionally. We believe that this is an extremely courageous act that you are doing and want you to know that we will always be here for love and support. We are interested in an open adoption as well. We can't wait to hear from you and learn more about you!
