about US

Our love story began in our teenage years. We were friends throughout high school and Cole always said, "If I can get Bridgette to date me then I will never let her go." Thirteen years of marriage later, our love continues to grow and we can't wait to grow our family. Our two boys love to go on adventures on the family farm with their pets and can't wait to add another brother or sister to the family to love.

Chase and Huck have cousins that have been adopted and our entire family feels so blessed to have them in our family. We've always known we've wanted to adopt and we believe now is the right time. *Our faith and family are the most important things in our lives and we can't wait share our love.*

our WORK

COLE IS A FARMER AND RANCHER. He grew up farming with his grandpa and is fortunate to continue farming the family farm. Since Cole is self-employed his schedule is flexible.

BRIDGETTE IS A SIXTH GRADE TEACHER. She is passionate about helping her students become the best that they can be. Bridgette has many days reserved so that she can take extended time off when our baby comes.

CHASE has a big heart and always has a smile on his face. He enjoys being outside, playing with his pets, playing sports and piano, building forts, and working with his dad. Chase considers his younger brother his best friend and can't wait for another sibling to be best friends with.

HUCK keeps us on our toes with his energy and his love for making everyone around him smile with his jokes and wittiness. He enjoys baking with his mom, art projects, reading, and playing with his pets. *Huck can make friends with anyone young or old and can't wait to be a big brother!*

meet BRIDGETTE

Bridgette's strength and dedication to her family is beyond what words can say. *She treasures her family and will do anything to help them grow, succeed, and to know that they are loved beyond measure.*

Bridgette is a very hands-on mom that loves helping our children and every student that enters her classroom. She enjoys doing art projects, baking, reading, going on walks and hikes, playing games, taking care of pets, and simply spending time with our children. *Bridgette's love, kind heart, and stability keeps our family organized and ready to take on every adventure that life gives our family.*

a little about COLE

Faith, farming and family describe Cole perfectly. Cole believes that faith will see us through the good and tough times and he always sees the good in everyone he meets. Farming is not only Cole's job but his livelihood and he works hard to provide for our family and for the world.

Family is always first priority with Cole. *Cole is a very hands-on dad and loves to play sports and games with our children, help them build things, and also shows our children how to be honest, hardworking and loving individuals.* Cole can talk to anyone and our two sons are taking on this trait!

FRIENDS & FAMILY
AREN'T
JUST
IMPORTANT,
THEY'RE
everything!

We are very blessed that both of our families live in the same town or close by. Our children have close grandparents, supportive aunts, uncles, and many cousins. The best thing about cousins is that no matter what age they are, they are all friends! Chase and Huck love being with their cousins and getting to go swimming together, playing hide-and-seek, to sitting down for a meal and having a conversation. *We get together often* from spending the day or meal together, to watching our nieces and nephews perform or play sports to watching a movie together.

We also have a close-knit group of friends that we consider family. We get together for backyard barbeques and they are always here for us. Our family and friends are priceless!

our favorite
TRADITION

Every Friday or Saturday night (depending on our schedule), we have pizza and movie night. We make pizza and then we decide on a movie to watch as a family. *We all look forward to this!*

FUN AT THE LAKE WITH COUSINS!

COUSINS ARE THE BEST OF FRIENDS!

home SWEET *home*

We live in western rural Kansas where there are breathtaking wheat fields and sunsets. Our home is on the edge of town so we get the best of both worlds. We have a field around our ranch style house and plenty of yard to explore with a garden, fire pit to make s'mores, and swing set. The school that Bridgette teaches at is close and is where our children attend and future children will attend. *Every summer, our town has a county fair that is run by local volunteers. This is a special time to see our close-knit community working together* to create a safe and fun event for families. We both grew up in the community and are blessed to have many friends and family that live close by.

final THOUGHTS

Faith and family are the most important things in our lives and we cannot wait to add to our circle. We promise to love your child unconditionally and to provide an upbringing that will help him/her to become the best he/she can be. *We admire you for your strength and are humbled by your love for your child.* Your baby will always know this decision was made most selflessly and what strength he/she comes from. *Thank you* for taking the time to get to know us and know that we are praying for you and your baby.
