

BRIAN & GENEVIEVE

Hello!

THANK YOU SO MUCH FOR TAKING THE TIME TO LOOK AT OUR PROFILE. We can't imagine what you must be going through right now, but we hope by showing you more about ourselves and what we can offer your child, it may give you some peace of mind if you decide to choose us.

We have struggled with infertility for the past few years, and want nothing more in the world than to become parents. After seeing a couple of our close friends go through the adoption process, we cannot wait to become parents ourselves through adoption.

about US

It all started back in college... We had some mutual friends that were dating each other at the time and thought it would be a good idea to set us up, so we decided to meet and hang out even though we were both a little nervous about the idea of a somewhat blind date at first. Fortunately, we hit it off right away and it wasn't long before we knew that we were going to spend the rest of our lives together.

We got married in 2006 and have been a team ever since. *We've managed to support each other through the ups and downs, and are truly each other's "best friend."* Even through the tough stuff like infertility, we manage to crack each other up on a daily basis and try to just have fun with life and not take anything for granted.

our WORK

Brian is a very hard worker and *spends his days designing transformers* for a power company. He also loves to build furniture and sells it at Markets on the weekends with Genevieve.

Genevieve works from home as a *freelance artist and product developer for companies such as Michael's Arts and Crafts stores*. She has also launched a small clothing and apparel label that sells to boutiques across the United States. *Her studio is in the back yard, and being self-employed will offer a lot of flexibility as a mom*. She can't wait to be able to do all kinds of arts and crafts with her child!

WE LOVE KIDS! OUR FRIENDS HAVE ADOPTED AND THESE ARE THEIR SWEET CHILDREN

WE LOVE ADVENTURES IN OUR CAMPER!

WHAT WE LOVE TO DO FOR FUN!

We are *always up for an adventure* and love trying new things. Living in a college town there is always something different going on, especially with music + art + outdoor activities. We also *love to travel* and experience all that the world has to offer. We feel very blessed and can't wait to share all of these adventures with our child.

Genevieve loves to decorate, so she is always moving furniture around or working on a new painting in her studio. **Brian loves hands-on projects** and is always building something in his workshop. **We have recently been working on the nursery together and it has been exciting getting it just right for the new baby.**

our PETS

We are both huge Animal lovers! Elsa is our rescue dog that we have had since the beginning of our relationship nearly 15 years ago! She loves going on walks with Genevieve and going on road trips when we travel.

Thumpalina is our rabbit that showed up in our Blueberry patch a couple of years ago. She was injured so we took her to the vet, nursed her back to health, and she has been part of our family ever since. Brian built a large area for her to live and play in outside and she is one happy bunny!

MEET THUMPALINA!

GENEVIEVE (BY BRIAN)

Genevieve is an incredibly awesome person. *When I see her I am constantly amazed and thankful at how lucky I am to have her in my life.* Needless to say, when I first met Genevieve it didn't take long for me to know that she was the one for me. *She is kind, gentle, thoughtful, caring, and loves all kinds of people and animals.* Not to mention she is smart as a whip. When I'm with her I am constantly laughing and enjoying life. She is my biggest supporter, my best friend, and the love of my life.

I know deep in my heart that Genevieve will be a good Mother and will give all of her heart and soul into raising a child. As long as I have known her she has had a passion to be a mom. *She glows whenever a child is in her presence, and children love being around her too.* I am amazingly lucky to have her as a wife, and I know a child will be even more lucky to have her as a Mother.

BRIAN (BY GENEVIEVE)

Brian is truly one of the best people I know. *When we first started dating I knew he was a keeper by the way he treated his Mom and his dog.* That might sound funny, but it's true! He has one of those "never meet a stranger" kind of personalities and I really love that about him. He is friends with all types of people from all walks of life. *He has a great sense of humor, a huge heart, and is my best friend.*

He loves kids and they love spending time with him too. *When we are hanging out with our friends that have children, Brian is always the one the kids ask to throw the football with or play video games.* He is pretty much a big kid himself, and I can't wait to see him have those experiences with our child. *I think he will not only be a fun dad, but he will also give tons of support and structure to our family.*

OUR FRIENDS & family

Both of our families live very close by so we get to see them all on a regular basis. In fact, we ended up moving to the same neighborhood as Genevieve's parents and Brian's grandfather! *Needless to say we will have a lot of support when the new baby comes*, and everyone can't wait to add another member to the mix! *We get together regularly for holidays, birthdays, and sometimes just for a last minute dinner or movie night.* Christmas is our favorite and we have been hosting it at our house for the past couple of years. We have a huge potluck meal, and every year someone different is chosen to play "Santa" and hand out the presents under the tree- we love it!

FAMILY IS EXTREMELY IMPORTANT TO BOTH OF US AND WE ARE LUCKY TO HAVE SUCH GREAT PEOPLE IN OUR LIVES THAT LOVE US AND WILL LOVE OUR CHILD UNCONDITIONALLY.

READY FOR THE HOLIDAYS

WELCOME TO OUR HOME!

THIS IS OUR "HAPPY PLACE"

BRIAN'S FAMILY

GENEVIEVE'S FAMILY

where we call HOME

We moved into our current house a little over three years ago. *Working on DIY projects is one of our favorite pastimes* so we have really enjoyed transforming and updating the house into a place that feels like our home. When people come over they say it feels like a "Happy" house, and that is one of the best compliments we could receive about our home.

On warm days we love being outside in our backyard, especially during blueberry season. *We have a small blueberry orchard, along with our flower and vegetable gardens*, our sweet doggie Elsa, and our little bunny Thumpalina; *we are slowly building our own little "mini farm."* We hope to one day even build a small chicken coop.

in CLOSING

Thank you for taking the time to get to know us better. We want to assure you that we will love your child with all of our hearts and give them the best life possible.

Please let us know if we can answer any other questions for you.

We wish you all the best,

Genevieve + Brian
