# about US

We met while working together at Wendy's in 2012. We quickly became best friends and were hanging out practically every day for a year before we officially started dating. Three and a half years later, we got engaged and in April of 2018 we became husband and wife. Our favorite things we enjoy doing together include: spending time with family and friends, going on car rides with our dog Rico, dancing, going on vacations, and just simply being together no matter what we're doing, even if it's just watching one of our many shows or a movie.

We struggled with infertility and are unable to carry a child on our own but adopting has always been a dream of ours. We are excited to be on this adoption journey and can't wait to become parents to a child who will be shown so much love.

## it's off TO WORK WE GO!

**KATIE** works full time at a *Real Estate Company* as an *Agent Care Coordinator*. She works full time, however her job is very flexible when it comes to family. She *hopes to become a stay-at-home mom when the baby arrives* and is excited to bond with a child and be a part of all the important milestones.

**DANIEL** is a *part-time worker and full-time student*. Once he graduates, he will work full time as an accountant. School is online, so initially he will be home most of the time with the baby.

### WE WILL TEACH OUR CHILD:

- be kind to themselves and others
- work hard
- be honest
- follow their dreams
- we're always there for them

### about KATIE (BY DANIEL)

**K**atie is really loving, caring, and sweet. She is really strong, and has always kept her head high and came out stronger when faced with a challenge. We both have a great sense of humor and are really family oriented people.

Katie is a pretty good singer (she loves to sing and dance), and also enjoys doing crafts; journaling, and coloring. She looks forward to doing all these things with our child and I know she will make sweet memories with our child.

### about DANIEL (BY KATIE)

**D**aniel is a wonderful man and there are so many attributes about him that I love and can't wait to share with our future child. *One of my favorite things about Daniel is that he is very family oriented and would do anything for those he loves.* I have watched him over the years with his niece and nephew and know how proud he is of them and how much he loves them. Daniel is smart, funny, hardworking, loves his sports, is an amazing friend, brother, son, husband, and one day will make an incredible dad.

# THE PEOPLE *we love!*

**KATIE:** My parents live in Minneapolis, KS which is only 20 minutes from Salina. Every Saturday we go shopping or out to lunch. I have always enjoyed Saturday's for this reason and I look forward to it every week! *We are a very close family so it's nice to get to spend that time having fun with them!* My sister lives in Salina with her husband and step-kids. *My sister and I have always been very close and enjoy the time we spend together, no matter what we're doing! Another person I love to spend time with is my best friend Sarah, who I've known since preschool. We've been there for each other through everything.* She has a daughter who I also consider to be my niece. I love both of them so much and she has been so supportive of my journey to become a mom!

**DANIEL'S VILLAGE:** My dad, mom, brother, and sister all live in Kansas. We have a smart and funny niece and a charming and funny nephew that we love spending time with. My mom is really loving, supportive, and funny. My Dad is really hard working, loyal, smart, and wise. I have what I consider five brothers; one biological, two cousins, and the other two are really close friends, and one sister. They will all be great uncles and aunt as most of them already are. *I love my brothers and sister because they are extremely supportive, caring, and really funny.*

## home SWEET home

**W**e currently live in a two bedroom one bath house in a quiet neighborhood. We are located close to schools, restaurants and shopping. *We have a spacious living/family room that we spend a lot of our time together in and we are excited to add a baby into that!*

In November there is a *Parade of Lights* that takes place downtown Salina that we would love to take our child to. We also enjoy going to the *car show* in Salina during the summer. We have gone a few times to the annual *Smoky Hill River Festival* in Salina that happens in June and would enjoy taking our child and having them be a part of that popular summer community event!

## final THOUGHTS

**T**hank you so much for looking our profile over and getting to know us! *If chosen, your child will never lack love, security, hugs, kisses or support.* Both of our families and friends are very excited to be on this journey with us and have been supportive through it all. We understand this is one of the most difficult and painful decisions to make and we admire you greatly for it. Thank you again for getting to know us as we hope to fulfill the dream of becoming the parents to your child.
