OUR FRIENDS & *family*

We have been blessed beyond measure with our families and their support for us! Kevin's parents still have an active roll with the farm and live just minutes down the road while his sister and her family live in the Kansas City area. Maryssa's family is just a short trip away in North Central Kansas. We make the trip often to see her mom, brother and sister in law, and grandparents!!

OUR TRADITIONS

Matching PJs and watching the movie Polar Express on Christmas Eve, baking Easter treats on Good Friday, attending the annual family reunion. We look forward to passing on the traditions of our families while making new ones of our own!

WELCOME TO OUR HOME

our HOME & COMMUNITY

We live on our family farm in a rural community outside of Wichita, KS. Our home is outside of a charming little town of about 500 people! A 30-40 minute trip to the grocery store is just about right for us!! We are the third generation to live in the farm house that Kevin's Grandfather built and have been fortunate to be able to put our own unique touch on the house. Our closest neighbor is about 1/2 a mile away so we have lots of wide open space to play, laugh and create memories! **The sunsets are pretty stunning during an evening on the back porch!**

in CLOSING

This journey has certainly been a difficult and emotional one for all of us, but we truly believe it has brought us together for a reason. Regardless of the outcome, we hope you know that the choice you've made to give life is the greatest act of love imaginable, and we have the deepest respect and gratitude for you. We believe that, together, we can find a path forward that works for everyone.

Thank you for taking the time to get to know us!

KEVIN & MARYSSA

Dear Expectant Parent,

Hi!! We are Kevin and Maryssa and we are so grateful that you've taken the time to get to know us. **We have big dreams of starting a family!** We have been married for almost 2 years and because of some medical complications cannot have children. But we know we have a whole pile of love to give and we know adoption is our path to share that love! We are so thankful that you are considering this path. Whatever decision you make, we know it will take courage. **Thank you for taking the time to learn about and consider us to care for your wonderful baby!**

about US

Like a good western, we met at the rodeo!! We bumped into each other at the after-rodeo dance and not a day has gone by that we haven't talked, facetimed or lived together! 145 miles separated us when we first met but we didn't let that slow us down. Weekend trips back and forth, joining a dart league together and a love for concerts is how we shortened the distance between us. We took the leap and moved in together, now sunsets and tractor dates keep the romance alive in our married life!

ON PARENTING

We are so excited to begin the parenting journey! Our hope is to raise a kind thoughtful and well rounded human being. We look forward to providing opportunities for our child to experience life and discover their passions. Living on the farm provides many unique experiences itself and allows Maryssa the ability to care for our child at home until they are school age! The values that we hold close and hope to pass on to our child are: faith, love, compassion, integrity, and creativity!!!

OUR WEDDING DAY

HAVING FUN AT A CONCERT

WE LOVE A BEACH VACATION!

WHAT WE LOVE TO DO *for fun!*

We hold our family and friends very close. We enjoy spending time with them! We love to host and invite them into our home for food, fun and game nights. It is easy to find Maryssa crafting or baking in the kitchen and Kevin on his motorcycle or assembling the latest Lego set. Our preferred vacation destination is the beach! We love to travel and have quite a list of places we want to explore. **We love the holidays and all the traditions that go along with them.** We are usually a 4 Christmas tree house!! and the Thanksgiving table is just right with about 15 people!!

our PETS

We have 2 very energetic yet cuddly poodle mixes, a yorkie poo named Benelli Jo and a schoodle named Remi Lou. They live a very spoiled life! They are always a part of family functions and never miss a photo op. They are our designated greeters, no need for a door bell they will let us know when someone comes to the house! They also enjoy spending weekends with Pawma where the spoiling reaches new heights!! **We love them very much and we are sure they will love to have a human sibling to cuddle with!**

about MARYSSA (BY KEVIN)

Maryssa is the most kind and loving person I've ever met. She is fiercely loyal to her people and will go out of her way to help them in any situation. She brought a calm to my life that is hard to describe and something I never want to go without. She is smart and funny and quick with a joke. Her green thumb is something to marvel, she loves to spend time in her garden! The produce makes its way to the kitchen where she loves to bake, which my sweet tooth appreciates very much!! She loves music and dancing, and we rarely miss a concert when one of her favorite artists is performing nearby. She left the city life to join me on the farm and has seamlessly found her place helping with the day to day tasks, business accounting, semi driving, and irrigation repair to name a few!! I can truly call her my soulmate and I absolutely love the wonderful life we have together.

about KEVIN (BY MARYSSA)

Kevin is the most kind and gentle man I have ever met, and I am so grateful he is by my side to do life with! He is intelligent, loving, encouraging and patient while also being strong and fiercely protective of those around him. When he isn't out on a tractor or working in the shop he enjoys kicking his feet up to relax! We also occasionally enjoy playing Mario Party or going for a cruise chasing the sunset. I love watching him with my friends' children...he is a child at heart. Whether he's playing with them, listening to their stories, or teaching them something outside, he is so patient and attentive. Their laughter together fills my heart, and I know he will make a great dad. Kevin is my absolute best friend and soulmate, he has brought my life a lot of joy and peace and I couldn't imagine a day without him now.
