

MARC & SARAH

JUST AS MUCH AS OUR TWO BOYS, WE BELIEVE THERE IS ANOTHER CHILD THAT IS MEANT TO BE PART OF OUR HAPPY, SOMETIMES CHAOTIC, ALWAYS LOVING FAMILY.

A warm hello! Our hearts beat faster knowing you are reading this and that our lives could be forever intertwined. This child of your blood, whom you carry bravely, and whom you love selflessly, is a sacred blessing. We are humbled by the sacrificial decisions you are making out of love for your child, and we are so grateful to you for considering us to be family.

With humbled hearts, *Marc and Sarah* facebook.com/MarcAndSarahAdopt

ECSTATIC FOR A SIBLING!

SARAH *momma/CPA*

I am drawn to authenticity. *I try to meet people where they are and enjoy the simple things. I am compassionate, nurturing, strong, and have a built-in need for equality and what is right.* I do tax work for a charitable children's hospital part time, which allows me the joy of being home with my family the majority of the time. Because no one takes care of you like your momma. I'm in a Building Better Moms group, allowing me to connect with other moms while learning, growing, and serving. I volunteer in the boys' schools and Sunday School rooms. And, I make a homemade apple pie second only to my own momma's. *I am a momma bear: I protect my children fiercely. I love my children fiercely.*

MARC *daddy/attorney*

"Life needs more picnics." I have a keen awareness of the bigger picture and the importance of experiences and creating memories. I work hard and I play harder. *Above all, my family is my priority.* I am home each night for family dinner and to play with the boys. I am helping establish a group of dads in our local schools, to engage, lift up, and support kids, particularly in light of the change that has come with social media and the rising rates of mental health issues in our youth. *I gather our family, friends, and neighbors often.* I coach our boys' baseball and basketball teams. And, I play the drums with a local band. I love this life!

HAPPINESS IS SUN & SAND

MEET *our tribe*

We have close-knit families, including three amazing grandparents, nine aunts and uncles, and eight cousins and counting! We are also blessed with friends we have known almost our entire lives - the tried and true, the kind you can count on when time gets tough. Finally, *envision lots of your friends and all their kids, living within two blocks, and that is our community and daily life.* We gather regularly in our cul-de-sac, where the kids run and play late into the evening while the parents hang out and lament life.

THE SWEET LIFE WITH FRIENDS

LOVE IS FAMILY

FAMILY IS LOVE

NO PLACE LIKE HOME

the FOUNDATION

Our mission is to raise happy, healthy children, who are kind to all. We are nurturing, and ensure our children are safe and secure. We are relaxed and go with the flow, but also intentional in our parenting. We set reasonable boundaries and provide lots of consistency. *We believe play is important stuff and how little ones learn best.*

Our children are our joy and our most important responsibility, and we embrace the diversity that adoption could bring to our family. It is our honor and privilege to love each of our children for whomever he/she is.

"It's not our job to decide who you are. It's our job to love you for who you are."

home SWEET *home*

Our home is in the suburbs of a major city of the heartland, next to a nature park, surrounded by countryside, rural towns, and several college cities. Our yard is the length of a football field with a patio, garden, playset, basketball goal, trees for hammocks and climbing, and lots of space for playing and exploring.

Hopes and Prayers

Birth is a miracle. Adoption is too. We hope you can feel who we are as a family and your heart just knows we are the right family for your little one. If you will protect this baby in the coming months, it would be our honor and privilege to do so when this precious child arrives. We would provide emotional and financial support, a safe and stable home, a good education, and lots of fun and travel. *We would provide unconditional and unfailing love. Forever.*

We acknowledge the impossibly difficult decision you are making and how it affects the rest of your life. We know it is a sacrificial decision made out of pure love. If you choose adoption and choose us as your family, our hearts are wide open, and *this sweet little one would always know how much you love him/her.*
